Restore Your Spirit

Refresh Your Ministry

Years into a pandemic, with grief and strife seemingly around every corner, many young people are bewildered, and most youth workers are burned out. The 2023 Princeton Forum on Youth Ministry is creating space for those who minister with young people to gather, connect, rest, and dream. Together, we will cultivate the necessary ground for telling the truth, practicing grace, and facilitating healing among and within ourselves and our communities.

Featuring:

- The Princeton Lectures on Youth, Church, and Culture.
- Seminars on grief, mental health, disability, & social justice.
- Electives on chaplaincy, preaching, ecology, marginality, & play.
- Daily worship in the Seminary Chapel.
- Live online seminar for online participants.
- 1-1 spiritual direction, yoga, art practices, meals, and more for on campus participants.
